The Jewish Hospital of Chișinău was founded in 1821. In 1837, it came under the jurisdiction of the Department of Public Assistance. During World War I (1914-1917), a military infirmary was established alongside the hospital to care for the wounded. It was closed in 1940.

The collection contains the following types of documents:

- Data on the number of patients in the Chișinău city hospital.
- Reference prices for food and medicine.
- Minutes of the administration meetings of the Jewish hospital for the years 1900-1902, 1917-1918.
- Minutes of the pedagogical council meetings of the nursing school affiliated with the Jewish hospital in Chișinău for the years 1908-1917.
- Reports on the status and activities of the Jewish hospital, asylum, maternity home, pharmacy, and infirmary for the years 1915-1917.
- Register of the hospital's patient admissions for the years 1888-1902.
- Documents regarding financial expenditures for the construction and maintenance of the Jewish hospital.
- Budget estimate for the construction of the hospital's sewage system in 1910.
- Service records of the Jewish hospital’s doctors.
- Payroll lists of hospital staff.
- Quarantine lines.
- Head of the district quarantine line in Bessarabia.
